SMDP OVERVIEW

2024 SMDP Training Sessions:

SMDP Biotech: Jun 1-6, 2024, San Diego, California

SMDP MedTech: Oct 13-17, 2024, Toronto, Canada

The career mentoring program pairs ethnically diverse post baccalaureate and graduate students with mentors who work at biotech, consumer healthcare and medtech companies.

With their mentors, SMDP Scholars attend a training session to learn about career opportunities in industry and receive career development coaching. They also attend a major industry conference.

For one year after the training session, SMDP Scholars carry out a personalized mentoring plan which helps to prepare them for industry careers.
